

DOVE Training Elkhart, IN May 17 - 21, 2014

CPR/FA/AED - This is the blended class. You must show proof that you completed the online portion of the class

ERV, Ready, Set Roll Prerequisites are a valid driver's license and clean driving record report which you can obtain from DMV in state where you are licensed.

Forklift Operator Certification - must be physically able to turn neck backward for couple of minutes to drive in reverse.

Disaster Instructor Training - 2 day class. Must complete Fundamentals of Instruction & Facilitation before taking this class. This is a 1 hour 15 minute video which you obtain from your Chapter. If you cannot get this video from your Chapter, I can email you the handout which you can read, complete the test at the end & return it to the course instructor to be graded. There are also forms that I can send you to be completed & returned to your Chapter for approval. This can all be done via email.

Shelter Management Prerequisite for this class is **Disaster Frontline Supervision/Simulation**. If you have not taken Frontline Supervision, you will have the opportunity to do so in Elkhart prior to Shelter Management course.

Fundamentals of Disaster Operation Management - 1 1/2 day class

Service Delivery Site Management - 1 1/2 day class Must have had Disaster Frontline Supervision/Simulation to take this class.

CAS 2.0 - will need to bring computer to class.
